LANDSCAPE & PLAYGROUND INSTALLATION

Tools

Shovel
Hammer
Sidewalk Chalk
Medium to Stiff Bristle Broom or Power-Broom

Drop Spreader
(NOT a broadcast spreader)

Sod Cutter
(If this tool is needed...there are 2 choices; single axle or dual axle. The dual axle is a little easier to handle)

Landscaping Rake
(Great to fine tune your base)

Yard or Garden Rake
(Good for general disbursement of aggregate)

Plate Compactor and/or Ride-on Double Drum Roller with smooth wheels

Utility or Carpet Knife with 2-sided blades
(Same blades can be used for the cushion back cutter and in the loop-pile cutter)

CONTINUED >

Tools (continued)

Cushion-Back Cutter (For cutting seams)
Red Loop-Pile Cutter (For cutting the outer shape of putting green)

Row finder | Awl or Flathead Screwdriver
(Both of these tools work well to find the rows within the turf)

Carpet Shears and/or Duck-Bill Snips
(The Duck-Bill snips have an offset handle)

Wheelbarrow or Bobcat w/smooth bucket

Seam Roller

Screen-Rake or Drag Net
(not a necessity but great tool to have for your final touches on the base!)

Heavy roller for seaming
(75-100LBS. vinyl floor roller or hand sod roller)

Leaf Blower
(backpack or handheld)
